

Security Status:

Standard gives you basic access to your account profile, ability to modify your info and personalize your home page.

Standard +Cal gives you added access to the city calendar in your area so that you can update community events.

Standard +Church gives you added access to the church area so you can update and edit church information for the city that you're in.

You can request these different security levels if you'd like to have this added feature access.

Thank you for choosing Your Neighborhood Shopper,
- Administrator.
